

BULLSEYE GOLF CLUB

YARDAGE BOOK

ABOUT THIS BOOK

A pocket guide to playing Bullseye Golf Club

THE BOOK

This guide pairs each hole overview with a large green map. It helps first-time guests understand the layout, choose practical landing targets and plan approaches while keeping useful course information together.

THE HOLE PAGE

The overview shows the fairway route, tee areas, rough, trees and bunkers. A short description and three caddie-style tips highlight the main decisions. The top row lists published tee yardages; par and men / women handicap rankings appear above it.

YARDAGES AND ELEVATION

F / C / B means front / center / back of the green, in yards. Approach stations follow the mapped route. Play + adds estimated uphill yards; Play - subtracts downhill yards. T labels identify mapped tee footprints, not tee colors. Check daily markers and pins.

THE GREEN PAGE

Heat colors indicate slope steepness; the key shows percentages. Small arrows point downhill, and outer arrows show surrounding runoff. The grid is one yard, with stronger lines every five. Depth is measured from the front; L / R is measured from the center axis.

USING IT ON THE COURSE

Strategy combines historical Bullseye hole notes with current map references. Check trees, boundaries and conditions on site. Maps use screenshot tracings and 2022 lidar, not surveyed putting reads; Hole 14 back edge is partly estimated. Play adjustments assume 1 yard per 3 feet of rise. Choose targets for your reliable carry and usual miss.

Par 4 | Handicap: men 7 / women 9

Blue	White	Members	Gold	Red
409	409	368	368	316

THE HOLE

Tree-lined opener; Blue / White tees are in front of the clubhouse.

CADDIE TIPS

1. Avoid the right mound; it can hide your approach.

2. Choose fairway width over extra distance through the trees.

3. Approach from an open angle; favor the middle over sand.

THE HOLE

Par 5 with a left-side tree and right-side layup bunker.

CADDIE TIPS

1. Do not hug the left tree when avoiding right sand.

2. Measure both bunker carry and runout before attacking in two.

3. Otherwise stop short of sand, leaving a full third shot.

347	334	334	297	289

THE HOLE

Short par 4 with a cross bunker creating a risk-reward drive.

CADDIE TIPS

1. Treat the cross bunker as the main tee-shot decision.

2. Lay up before it unless your carry clears with margin.

3. Beyond it, target the green center between the surrounding hazards.

155	143	143	131	121

THE HOLE

Par 3 with front-corner bunkers and a demanding back pin.

CADDIE TIPS

1. Front-right of the pin traditionally leaves the friendlier putt.

2. Carry the front sand; use green depth to choose club.

3. For back flags, accept center rather than forcing extra length.

Blue	White	Members	Gold	Red
367	352	352	317	309

THE HOLE

Bending par 4 with an uphill, bunker-protected approach.

CADDIE TIPS

1. A controlled fade can shorten the route from the tee.

2. Use that shape only if it fits your normal shot.

3. Allow for the climb; land beyond the front bunker edge.

THE HOLE

Par 4 with a narrowing bunker corridor on the approach.

CADDIE TIPS

1. Past the fairway tree, the angle to left pins improves.

2. Lay up before the bunker if your miss reaches sand.

3. From an open lie, attack the broadest part of the green.

532	518	518	471	463

THE HOLE

Double-turn par 5; placement matters as much as power.

CADDIE TIPS

1. Historically, draw then fade is the two-shot route.

2. Without both shapes, use the fairway bends for three shots.

3. Choose a layup that leaves the greenside sand outside your miss.

THE HOLE

Par 3 with water short-right and an undulating green.

CADDIE TIPS

1. A right miss brings water into play.

2. Pick a carry covering the front edge with a safety margin.

3. Use the slope map to target the pin's section of green.

Par 4 | Handicap: men 13 / women 5

Blue	White	Members	Gold	Red
416	400	343	343	301

THE HOLE

Left-bending par 4 with a long, rising approach.

CADDIE TIPS

1. Check the parking-lot boundary; left misses can run downhill.

2. Drive into the bend's landing area, away from the corner bunker.

3. Take enough club uphill; avoid chasing a narrow edge flag.

Blue	White	Members	Gold	Red
394	380	349	349	342

THE HOLE

Tree-lined par 4 with a guarded approach and crowned green.

CADDIE TIPS

1. A left drive can leave a pine obstructing the approach.

2. Use the central landing corridor to keep the next shot open.

3. Target the broad surface; keep the first putt below the crown.

THE HOLE

Double-turn par 5 ending at a sand-framed green.

CADDIE TIPS

1. Favor a right-side layup to open the pine-blocked approach.

2. Choose the second-shot length before committing to the bend.

3. Keep the third shot on the green's wide central section.

Blue	White	Members	Gold	Red
214	200	162	162	154

THE HOLE

Long par 3 demanding a controlled carry between bunkers.

CADDIE TIPS

1. A short miss is preferable to going past the target.

2. Choose a club reaching the front-middle with your normal strike.

3. Ignore tight side pins; a central first putt protects par.

THE HOLE

Right dogleg beside the river, with bunkers shaping the corner.

CADDIE TIPS

1. The fairway falls riverward; do not assume a flat bounce.

2. Stop before the corner bunkers unless carry and runout both fit.

3. From the bend, aim into the green's center away from sand.

THE HOLE

Left-bending par 5 finishing at a narrow, tapered green.

CADDIE TIPS

1. Clear the overhanging left tree without drifting into right trees.

2. Reassess the second shot only after confirming an unobstructed lie.

3. For three shots, leave a full wedge to the green center.

THE HOLE

Short uphill par 3 with sand around the green.

CADDIE TIPS

1. Stay below the pin for a more manageable next shot.

2. Add the rise before choosing club; avoid the front sand.

3. Aim at the broad middle rather than a bunker-side flag.

THE HOLE

Right-bending par 4 with trees pinching the inside corner.

CADDIE TIPS

1. Cutting the right corner risks a blocked approach.

2. Use the open fairway bend instead of a narrow tree gap.

3. Give edge flags room; choose a target away from runoff.

CADDIE TIPS

1. Left trees constrain the tee shot; position matters before distance.

2. Play your reliable shape into the visible landing corridor.

3. If laying back, accept the longer approach and favor green center.
